OBJECTIVE

To contribute as a full-stack engineer by building scalable, end-to-end solutions that integrate robust backend systems with intuitive, responsive frontends. I aim to leverage my adaptability, hands-on problem-solving, and deep interest in AI to deliver impactful products while continuously growing into a well-rounded engineer.

EDUCATION

- **IIT Madras** 2020-24
BS in Data Science and Applications
- **Rajiv Gandhi University Of Knowledge Technologies, Basar** 2020-24
Bachelor of Technology in Computer Science and Engineering

EXPERIENCE

- **Software Engineer** September 2024 – Present
Full-Time **Everest Engineering**
 - Design, develop, and maintain backend systems and APIs to support scalable applications. Integrate third-party services and external APIs to enhance application functionality.
 - Troubleshoot, debug, and resolve production issues to ensure application reliability and uptime. Collaborate with cross-functional teams to implement new features and improve workflows efficiently.
 - Follow best practices in coding, testing, and deployment to deliver high-quality software solutions.
- **Software Engineer Intern** Feb 2024 – August 2024
Internship **Everest Engineering**
 - Gained hands-on experience in software development, including designing backend systems, working with databases, writing tests, following DevOps workflows to deploy and maintain and developing frontend features for web and mobile applications
 - Improved problem-solving, collaboration, and coding practices by contributing to real-world projects, learning to work effectively in a team, and delivering reliable, high-quality solutions.
- **Human Annotated Headline Classification Task** March 2023 – June 2023
Introduction to NLP Programme **IIIT Hyderabad**
 - Engaged in a three-month remote internship at IIIT Hyderabad, exploring in NLP by actively participating in the "Introduction to NLP" course. Curated the "Human Annotated Headline Classification Dataset" for Telugu language.

PROJECTS

- **Canva – Publish Intent Integrations** *Node.js, TypeScript, React.js, AWS, Internal APIs, Canva Apps SDK*
 - Worked on the Publish Intent system used to connect third-party apps to Canva's publishing flow.
 - Built backend logic for app-specific settings, validation steps, and request handling.
 - Managed and maintained integrations for 9 connected applications, focusing on debugging and stability.
 - Improved reliability by identifying integration issues and strengthening error handling across the workflow.
- **QuickChat — Chatting Application** *React Native, Express, Socket.IO, PostgreSQL, AWS, Firebase* [🔗 Source Code](#)
 - Real-time chat with end-to-end encryption, phone number authentication, and email OTP verification.
 - Push/in-app notifications, unread message tracking, chat deletion, contact discovery, and user blocking.
 - Profile management with picture upload, account settings, and logout options.
- **PetBuddy – Mobile Pet Care Management** *React Native, Node.js, Express, MongoDB* [🔗 Source Code](#)
 - User and pet profile management with authentication and session handling.
 - Reminders for medications, vet appointments, and daily care; activity logging and photo gallery.
 - Directory for pet services and curated training/behaviour resources.
- **FinGrow – Personal Finance Tracker** *React, Node.js, Express, MongoDB, Jest, TDD* [🔗 Source Code](#)
 - Developed income and expense tracking, budgeting, and savings goal management features.
 - Implemented CSV imports and alert notifications for budget limits and savings milestones.
 - Generated financial reports with filters and followed TDD using Jest for reliable components.

ACADEMIC PROJECTS

- Grocery Store Web App

Vue,Bootstrap,Flask,SqlAlchemy,Celery,Redis.

 [Source Code](#)
- A Full-stack app with role-based access control .Admins manage categories, store managers handle products (pending admin approval for Product deletions and Signup). User-friendly product filtering/search.

– CRUD operations on categories,products.cart,orders Management.Generate monthly Activity Report and scheduled emails and daily reminders for users using smtp ,celery beat scheduler and redis caching
- Kaggle Competition - Sentiment Analysis of Movie Reviews

Pandas, Numpy, Scipy,Sklearn

 [Source Code](#)
- Competed in a Kaggle competition focused on sentiment analysis of movie reviews.

– Conducted comprehensive data preprocessing to prepare the dataset for analysis. Utilized Pandas for data manipulation and preparation.

– Applied Logistic Regression, XGBoost, and AdaBoost algorithms of Machine Learning.Achieved an accuracy score of 0.81482 in the competition, consistent with the Kaggle score.

CERTIFICATIONS

- AWS Certified AI Practitioner

Basic understanding of AI/ML concepts and AWS AI services.

October 2025
- Stripe Certified Associate Developer

Covered Stripe APIs, authentication, and payment flows.

April 2025
- Stripe Certified Professional Developer

Worked on advanced payment logic and integration patterns.

April 2025
- Stripe Certified Billing Developer

Focused on subscriptions, invoicing, billing lifecycles, and customer flows.

April 2025
- Microsoft Azure Data Fundamentals DP-900

Comprehensive understanding of Azure data services and cloud fundamentals.

June 2023

TECHNICAL SKILLS

Languages: JavaScript || TypeScript || Python || Java || Ruby

Frontend: HTML5 || CSS3 || JavaScript || React.js || React Native || Accessibility || Figma

Backend: Node.js || Express.js || Python Flask || Ruby on Rails

Mobile: React Native (Cross-Platform)

Databases: PostgreSQL || MongoDB || MySQL || SQLite || ORM's (Sequelize) || ODM's (Mongoose)

DevOps & Cloud: Docker || AWS || CI/CD || Jenkins || GitHub Actions

Testing: TDD || Unit Testing (Jest)

API Development: REST APIs || Authentication || Authorization

Tools: Git || GitHub || VSCode || Postman

Other Skills: Stripe Integrations || Socket.io (Real-time Apps) || Clean Code || Agile Methodologies || AI Prompt Engineering

DECLARATION

- I certify that the information given in support of my employment opportunity is true to the best of my knowledge.
